

## CSS Change B347

October 2020

- **responsive.css**

1. Replaced padding property name with margin in ".inputvalidator" class.
2. Added overflow: auto; to ".inputvalidator" class.
3. Inserted ".col-12" class.

```
.col-12 {  
  width:100!important;  
}
```
4. Added padding-right: 10px; to ".coupon\_checkout, .giftcard\_checkout" class
5. Replaced width: 100%; with width: auto; width: calc(100% - 91px); in ".giftcard\_content .input\_box" class
6. Inserted "#giftcardBalance .giftcard\_content .input\_box" class.

```
#giftcardBalance .giftcard_content .input_box {  
  width: 100%;  
}
```
7. Replaced width: auto; with width: 85px; in ".giftcard\_content .button\_box" and ".coupon\_content input.btn" classes
8. Replaced width: 73%; with width: auto; width: calc(100% - 91px); in ".coupon\_content .coupon\_input" class
9. Added margin-top: 15px; to ".shoppingcart\_bottombuttons .continuebutton" and ".shoppingcart\_bottombuttons .proceedbutton" classes.
10. Added padding-right: 15px; to ".coupon\_shoppingcart .coupon\_content, .coupon\_shoppingcart .coupon\_prompt" class.
11. Added width: calc(100% - 91px); to ".coupon\_shoppingcart .coupon\_content .coupon\_input" class.
12. Inserted ".registerbody .recaptchawrap" class.

```
.registerbody .recaptchawrap {  
  margin: 0 15px 15px;  
}
```
