

CSS Change B371

September 2021

- **responsive.css**

1. Inserted classes below.

```
/* kitset components in product */
select.text-select {
  border-color: transparent;
  border-radius: 0;
  box-shadow: none;
  cursor: text !important;
  -webkit-appearance: none;
  -moz-appearance: none;
  appearance: none;
  text-indent: 1px;
  text-overflow: "";
  background-color: transparent !important;
}
select.text-select::-ms-expand {
  display: none;
}
/* end kitset components in product */
```

2. Renamed classes below.

```
".attributeselection > div > select, .quantityinput > input[type="number"]" to
".attributeselection > div > select, .quantityinput > input[type="number"],
a.wl_btnupdatedetails.btn, .attributeselection > .kitsetselection, .cell_changedetails
.inputvalidator"
".cr_coreregistrantswrap .formsectiontext, .cr_registrationwrap .cr_cellleft" to
".cr_coreregistrantswrap .formsectiontext, .cr_registrationwrap .cr_cellleft, .cr_deliveryaddresswrap
.formsectiontext"
```
